INDEX TO VOLUME 19

A

Abramson, Harold, 545
Academy of Pediatrics and National Defense, 731
Address, presidential, 579
Adiposogenital dystrophy, 854 (Round table discussion)
Adolescence, aspects, psychologic, of, 392
  children in, observations on growth and development of, 302
  sexual education of, 387
  menstruation, abnormalities of, 319
  metabolism, standard of, 347
  problems, certain, of puberty and, 294
    endocrine, in, 327
  symposium on, 289
American Academy of Pediatrics:
  News, 141, 284, 575, 728, 865
  Proceedings, Tenth Annual Meeting, 258, 421, 562, 681, 854
    Meeting of Executive Board, 131
    Presidential Address, 579
    Region I, 274, 697
    Region II, 699
    Region III, 435, 705
    Region IV, 434, 710
  Eleventh Annual Meeting, 694, 864
    Report of Committee on:
      American Board of Pediatrics, 727
      Camps, 726
      Central and South American Scholarships, 712
      Contact Infections, 713
      Cooperation with American Legion, 713
      Cooperation with Government and Medical Agencies, 716
      Cooperation with Nonmedical Groups, 714
      Fetus and the Newborn Infant, 715
      Hospitals and Dispensaries, 716, 724
      Legislation, 716
      Medical Education, 717
      Mental Health, 717
      Mother's Milk Bureaus, 719
      National Defense, 719
      Nominating Committee, 720
      Nursing Education, 720
      Publicity, 723
      School Health, 721
    Report of Secretary, 695
    of Treasurer, 283, 696
Amino acids, intake of, by breast-milk-fed infants and amino acid composition of cow's milk and human milk, 190
Anemia, congenital hypoplastic, 662
  sickle-cell, complicated by acute rheumatic heart disease and massive cerebral hemorrhage, 28
Antitoxin (*See* Disease, antitoxin)
  bovine, use of, for prophylaxis of tetanus, 403
Appetite, excessive, a behavior symptom in maladjusted children, 632
Armstrong, J. G., Flosdorf, E. W., McGuinness, A. C., and Kimball, A. C., 638
Asphyxia, neonatal, 258 (Round table discussion)
Astrowe, Phillip S., and Hurst, M. G., 529
Athletics, activity in, at puberty, with special reference to cardiac and tuberculous patient, 382

B

Bacillus, Morgani, Type I, in enterocolitis of infants, 53
Bacteriostatic and bactericidal agents obtained from saprophytic microorganisms, 588
Baer, Joseph L., 315
Basal metabolism, standard, of adolescence, 347
Beach, Eliot F., Bernstein, S. S., and Macy, I. G., 190
Behavior problems, preventive aspect of, 833
Benda, Clemens E., 800
Bender, Norman C., and Neter, E., 53
Beriberi in a male child two and one-half years of age, 526
Bernstein, Samuel S., Beach, E. F., and Macy, I. G., 190
Beverly, Bert I., 872
Biolac, value of, clinical study concerning, 471
Bladder, sarcoma of, in infant, 656
Bones, multiple cystic tuberculosis of, 826
Book reviews:
  Biologic Fundamentals of Radiation Therapy, 287
  Civil Defense Measures for the Protection of Children, 871
  Community Organization for Health Education, 287
  Developmental Diagnosis, 870
  Handbook of Communicable Diseases, 870
  How to Raise a Healthy Baby, 288
  In Defense of Children, 872
  In Defense of Mothers, 873
  Infant Nutrition, 872
  Infantile Paralysis, 1941, 871

Book reviews:—Cont'd
Manual of Clinical Chemistry, 145
Plague on Us, 145
Play for Convalescent Children in Hospitals and at Home, 145
School Health Service, 287
Bruch, Hilde, 365
Bugbee, Henry G., and Dargeon, H. W., 656

C

Calcium, retentions of, effect of honey upon, in infants, 485
Cameron, Colin, and Silverthorne, N., 618
Camps, nondiabetic, diabetic children in, 25
Carey, Benjamin W., and Meyer, R., 481
Carithers, Hugh A., Jr., 817
Chemistry, clinical, manual of, 145 (B. rev.)
Chemotherapy, 681 (Round table discussion)
Child development, clinical protection of, 755
health, need for service in world at war, lessons from France, 736
timid, dependent, 91
Children, adolescent female, examination of, 315
observations on growth and development of, 302
sexual education of, 387
B C G vaccinated, tuberculin patch test (Vollmer) on, and on control, 540
convalescent play for, in hospitals and at home, 145
cutaneous reactions with specific soluble substances in infantile and, 481
disorders of internal gland secretion in, 414
fat, what to do about, at puberty, 376
in Defense Program, 740
maladjusted, excessive appetite, a behavior symptom in, 632
Chorea, Sydenham, three cases successfully treated with vitamin B_6, 201
Conjunctivitis, gonococcal in children, comparison of treatment with sulfanilamide and sulfapyridine, with a note on sulfathiazole, 60
Conn, Jacob H., 91
Consolazio, William V., 90
Constitutional barriers to involvement of the nervous system by certain viruses, with special reference to the role of nutrition, 596
Creatine metabolism, Ehlers-Danlos syndrome, with a disturbance of, 85
Critical reviews:
Breathing capacity during first decade, 841
Disorders of internal gland secretion in children, 414
Factors influencing premature infant mortality, 545
Poliomyelitis, 103
Treatment of hemolytic streptococcal infection, 249

D

Danciger, Jacob A., and Warren, J., 223
Daniel, W. A., Jr., 789
Daniels, B. T., and Lingenfelter, G. P., 218
Dargeon, Harold W., and Bugbee, H. G., 656
Development, studies on growth and, of male children receiving evaporated milk, effect of various vitamin supplements on growth in length and incidence of rickets during the first two years of life, 169
Diabetes, children with, in nondiabetic camps, 25
Diarrhea and dysentery, 562 (Round table discussion)
Diet, influence of, of newborn infant on prothrombin index, 495
Dobos, E. I., and Gengenbach, F. P., 644
Donohue, W. L., 42
Dragutsky, David, Schwartzman, J., and Rook, G., 201
Dubos, R. J., 588
Dysentery, bacillary, spot maps of, and poliomyelitis, 628
diarrhea and, 562 (Round table discussion)

E

Education, health, community, organization for, 287 (B. rev.)
parental, in mental hygiene, 536
sexual, of adolescent, 387
Ehlers-Danlos syndrome (*See* Skin, abnormality of)
Einhorn, Nathan H., Holmes, J. W., Jones, J. A., and Wikler, L. A., 70
Eisenberg, George, and Gibson, S., 452
Electrocardiogram, congenital heart disease and, 452
Eley, R. Cannon, 470
Eliot, Martha M., 740, 871
Ellinger, F. B., 287
Encephalitis, mumps, pathology of, 42
Endocrine system, disorders of, in children, 414 (Crit. rev.)
problems, in adolescence, 327
Enterocolitis (*See* Intestines, disease of)
Estradiol benzoate, gonococcal vulvovaginitis in children, treated by implantation of, 70

F

Feeding (*See* Infant, feeding of)
Fetus, physiology and anatomy of respiratory system in, and newborn infant, 437
Fistula, congenital tracheoesophageal, 644
Flosdorf, Earl W., McGuinness, A. C., Kimball, A. C., and Armstrong, J. G., 638
Frank, Lawrence K., 294

G

Gellis, S. S., and Lyon, R. A., 495
Gengenbach, F. P., and Dobos, E. I., 644
Gesell, Arnold, 755
—, and Amatruda, C. S., 870
Gibson, Stanley, 382
—, and Eisenberg, G., 452
Glaser, Jerome, 403
Gordon, Murray B., Solomon, N. H., and Pearlman, S. F., 76
Greulich, William W., 302
Grossman, Arthur M., 205
Growth, studies on, and development of male children receiving evaporated milk, effect of various vitamin supplements on growth in length and in incidence of rickets during first two years of life, 169

H

Halpern, L. J., 288
Harrington, Helen, Webster, B., and Wright, L. M., 347
Head, malformation of, in mongoloid deficiency, 800
Health, school, service, 287 (B. rev.)
Heart disease, children with, athletic activity at puberty with special reference to, and tuberculous patient, 382
congenital, and electrocardiogram, 452
rheumatic, acute, sickle-cell anemia complicated by, and massive cerebral hemorrhage, 28
Hemorrhage, cerebral, massive, sickle-cell anemia complicated by acute rheumatic heart disease and, 28
of newborn, 1
Hemorrhagica hypoprothrombinemia neonatorum, reclassification of, frequency of hypoprothrombinemic states and their treatment with vitamin K, 205
Histoplasmosis, 668
Holmes, John W., Jones, J. A., Einhorn, N. H., and Wikler, L. A., 70
Honey, effect of, upon calcium retentions in infants, 485
Hoyne, Archibald L., 421, 778
Hurst, Martin J., and Astrowe, P. S., 529
Hygiene, mental, parental education in, 536

I

Infant, feeding of, formula for, vacuum seal for preservation of, 90
newborn, hemorrhagic disease in, 1
influence of diet of, on prothrombin index, 495
physiology and anatomy of respiratory system in fetus and, 437
prothrombin in, further observations on prothrombin response to intravenous administration of water-soluble naphthoquinone, 503
premature, mortality of, factors influencing, 545
nonhemolytic streptococcus omphalitis, parotitis, and meningitis in, 529
sarcoma of the bladder in, 656
Infants, breast-milk-fed, intake of amino acids by, and amino acid composition of cow's milk and human milk, 190
cutaneous reactions with specific soluble substance in, and children, 481
effect of honey upon calcium retentions in, 485
enterocolitis of, bacillus Morgani Type I in, 53
Influenza, meningitis, in infant, 823
Insulin tolerance tests, 789
Internal glands (*See* Endocrine system)
Intestines, disease of, bacillus Morgani, Type I, in enterocolitis of infants, 53

J

Jaundice, nonhemolytic familial, 817
Jeans, P. C., and Marriott, M., 872
Jones, J. Albright, Holmes, J. W., Einhorn, N. H., and Wikler, L. A., 70
Josephi, Marion, Mehlman, J., and Hager, D., 823

K

Kanner, Leo, 873
Kennedy, Ruth, Rhoads, T. F., Rapoport, M., and Stokes, J., Jr., 169
Kerley, Charles Gilmore, and Lorenze, E. J., 241, 526
Kimball, A. C., Flosdorf, E. W., McGuinness, A. C., and Armstrong, J. G., 638
Knott, E. M., Shukers, C. F., and Schlutz, F. W., 485
Kohlbry, Carl O., 662
Kove, Simon, and Siegel, H., 503

L

Lingenfelter, G. P., and Daniels, B. T., 218
Lorenze, Edward J., and Kerley, C. G., 241, 526
Lyon, George M., and Price, A. M., 628
Lyon, R. A., and Gellis, S. S., 495

M

Macy, Icie G., Beach, E. F., and Bernstein, S. S., 190
Marriott, McKim, and Jeans, P. C., 872
McGuinness, Aims C., Flosdorf, E. W., Kimball, A. C., and Armstrong, J. G., 638
Melby, Ernest O., 672
Melheny, Eleanor, 841
Meloan, Eva Linn, 632
Meningitis, influenza, in seven-month-old infant, 823
  recovery from two attacks of, caused by different organisms, 534
  streptococcus, nonhemolytic, omphalitis, parotitis and, in a premature infant, 529
  treatment of, 778
Meningococcus infection, studies on, 618
Menstruation, abnormalities, of adolescence, 319
Meyer, Ruben, and Carey, B. W., 481
Milk, cow's, amino acid composition of, and human milk, intake of amino acid by breast-milk-fed infants and, 190
  evaporated, studies on growth and development of male children receiving, effect of various vitamin supplements on growth in length and in incidence of rickets during the first two years of life, 169
  human, amino acid composition of cow's milk and, intake of amino acids by breast-milk-fed infants and, 190
Miller, J. J., Jr., Saito, T. M., and Silverberg, R. J., 229
Missildine, W. H., 536
Mohr, George J., 387
Mongoloid deficiency, malformation of head in, 800
Mortality rate, premature infant, factors influencing, 545
Morton, Henry G., and Roberts, R. W., 534
Motel, W. G., Neiman, I. S., and Rosenthal, S. R., 540
Moving pictures, horror of, children's reactions to, and rad o crime, 147
Mumps, encephalitis, pathology of, 42
Murphy, James Peter, and Walker, D. W., 28

N

Naphthoquinone, water-soluble, administration of, intravenous, prothrombin response to, 503
Neiman, Irwin S., and Rosenthal, S. R., 16
  —, Rosenthal, S. R., and Motel, W. G., 540
Nelson, Waldo E., 25
Nervous system, constitutional barriers to involvement of, by certain viruses, with special reference to the role of nutrition, 596
Neter, Erwin, and Bender, N. C., 53
Newborn (*See* Infant, newborn)
News and Notes, 144, 285, 578, 728, 865
Nutrition and war, 748
  role of, with special reference to, constitutional barriers to involvement of the nervous system by certain viruses, 596

O

Obesity, in relation to puberty, 365
  nutritional, in children in private practice, 241
  what to do about, at puberty, 376
Obituaries, 436
Omphalitis, streptococcus, nonhemolytic, parotitis, and meningitis in a premature infant, 529
Owen, Joseph W., and Berlinrood, L., 762

P

Parapertussis, 229
Parotitis, streptococcus, nonhemolytic, omphalitis, and meningitis in a premature infant, 529
Parran, Thomas, 748
Pearlman, Stanley F., Gordon, M. B., and Solomon, N. H., 76
Pediatrician and the teacher, 672
  in national defense, symposium on, 731
Pediatricians, army and naval appointments of, 140
Pediatrics and national defense, 137
  in the Australian Defense Program, 137
Pertussis, preparation and assay of hyperimmune, serum, 638
Phosphatase, serum, in infantile scurvy, 38
Pittinos, George E., 85
Plague on us, 145 (B. rev.)
Play for convalescent children in hospitals and at home, 145 (B. rev.)
Poliomyelitis, 103 (Crit. rev.)
  spot maps of, and of bacillary dysentery, 628
Preston, Mary I., 147
Price, Albert M., and Lyon, G. M., 628
Protein privation, puzzles of, 608

Prothrombin in newborn infant, further observations on prothrombin response to intravenous administration of water-soluble naphthoquinone, 503
index of, influence of diet of newborn infant on, 495
Puberty, athletic activity at, with special reference to cardiac and tuberculous patient, 382
obesity in relation to, 365
problems of, certain, and adolescence, 294
Pyknolepsy, 762

Q

Quarantine, requirements of, appraisal of, 421 (Round table discussion)
Quillian, Warren W., 562

R

Radiation therapy, fundamentals of, biologic, 287 (B. rev.)
Radio, crime in, children's reactions to movie horrors and, 147
Randolph, Carolina R., and Walker, W. F., 287
Rapoport, Milton, Rhoads, T. F., Kennedy, R., and Stokes, J., Jr., 169
Ratbite fever, miscellaneous notes on, 513
Reiner, Miriam, 145
Respiratory system, physiology and anatomy of, in fetus and newborn infant, 437
Restraint for small children, 245
Rhabdomyosarcoma, 223
Rhoads, Teresa Folin, Rapoport, M., Kennedy, R., and Stokes, J., Jr., 169
Rickets, incidence of, effect of various vitamin supplements on growth in length and, during first two years of life, 169
Roberts, R. Winston, and Morton, H. G., 534
Rook, George, Schwartzman, J., and Dragutsky, D., 201
Rosenthal, Sol Roy, and Neiman, I. S., 16
—, —, and Motel, W. G., 540
Round table discussions:
Adiposogenital dystrophy, 854
Appraisal of quarantine requirements, 421
Chemotherapy, 681
Diarrhea and dysentery, 562
Neonatal asphyxia, 258

S

Sabin, Albert B., 445, 596
Saito, T. M., Miller, J. J., Jr., and Silverberg, R. J., 229
Saprophytic microorganisms, bacteriostatic and bactericidal agents obtained from, 588
Sarcoma of the bladder in an infant, 656
Scarlet fever antitoxin, value of sulfanilamide and, in treatment of scarlet fever, 76
treatment of, value of sulfanilamide and scarlet fever antitoxin in, 76
Schlutz, F. W., 376
Knott, E. M., and Shukers, C. F., 485
School physician, training of, 677
Schwachman, Harry, 38
Schwartzman, Joseph, Dragutsky, D., and Rook, G., 201
Scott, Edwin P., 668
Scurvy, infantile, serum phosphatase in, 38
Seal, vacuum, for preservation of feeding formulas, 90
Senn, Milton J. E., 677
Serum, hyperimmune, human, preparation and assay of, studies with H. pertussis, 638
Sevringhaus, E. L., 319
Shorr, Ephraim, 327
Shukers, C. F., Knott, E. M., and Schlutz, F. W., 485
Siegel, Henry, and Kove, S., 503
Silverberg, R. J., Miller, J. J., Jr., and Saito, T. M., 229
Silverman, A. Clement, 249
Silverthorne, Nelles, and Cameron, C., 618
Skin, abnormality of, Ehlers-Danlos syndrome, with a disturbance of creatine metabolism, 85
reactions with specific soluble substance in infants and children, 481
Smith, Anne Marie, 145
Smith, Charles Hendee, 245
Smith, Geddes, 145
Smith, Richard M., 579
Snedeker, Lendon, 1
Solomon, Nathaniel H., Gordon, M. B., and Pearlman, S. F., 76
Stimson, Philip M., 731
Stokes, Joseph, Jr., Rhoads, T. F., Rapoport, M., and Kennedy R., 169
Streptococcus, hemolytic, infections with, treatment of, 249 (Crit. rev.)
Stuart, Harold C., 736
Sulfanilamide, gonococcal conjunctivitis in children, a comparison of treatment with, and derivatives, 60
value of, and scarlet fever antitoxin in the treatment of scarlet fever, 76
Sulfapyridine (*See* Sulfanilamide)
Sulfathiazole (*See* Sulfanilamide)
Sweet, Lewis K., 60
—, and Abramson, D. J., 826

T

Talbot, Fritz B., and Talbot, N. B., 414
Talbot, Nathan B., and Talbot, F. B., 414
Teacher and pediatrician, 672
Tellurite, reaction to, 218
Tenney, H. Kent, 833
Tetanus, prophylaxis of, use of bovine antitoxin for, 403
Thom, Douglas A., 392
Tisdall, Frederick F., 137
Toomey, John A., 103
Top, Franklin H., 870
Tracheoesophageal fistula, congenital, 644
Tuberculin, clinical studies on harmlessness of and, reactivity of following B C G vaccination by multiple puncture method, 16
patch test (Vollmer) in B C G vaccinated and control children, 540
Tuberculosis, children with, athletic activity at puberty, in with special reference to cardiac patient, 382
cystic, of the long bones, 826

V

Vaccination, B C G, by multiple puncture method, clinical studies on harmlessness of and tuberculin reactivity following, 16
children with, tuberculin patch test (Vollmer) on, 540
Virus, neurotropic, diseases due to, of man, 445
Viruses, certain, constitutional barriers to involvement of the nervous system by, with special reference to the role of nutrition, 596
Vitamin B_6, Sydenham's chorea successfully treated with, 201
K, coagulation defects in infancy and childhood, frequency of hypoprothrombinemic states and their treatment with, a reclassification of hemorrhagica hypoprothrombinemia neonatorum, 205
supplements, various, effect of, on growth in length and incidence of rickets during first two years of life, 169
Vulvovaginitis, gonococcal, treatment of, in children, with implantation of estradiol benzoate, 70

W

Walker, Douglass W., and Murphy, J. P., 28
Walker, W. Frank, and Randolph, C. R., 287
Warkany, Josef, Farber, S., and Logan, M. L., 854
Warren, John, and Danciger, J. A., 223
Webster, Bruce, Harrington, H., and Wright, L. M., 347
Weech, A. A., 608
Wikler, Louis A., Holmes, J. W., Jones, J. A., and Einhorn, N. H., 70
Windle, William F., 437
Wooley, Paul V., Jr., 513
Wright, L. M., Webster, B., and Harrington, H., 347
